The accelerated reading program has made a positive impact on my 7th graders!... The direct instruction is scripted, yet allows for a teacher to be able to add their own flair to it. The AI gives each student choices in what they read and focuses on all areas of reading together.”

EPS Reading Accelerator Success in Central Union School District

During the 2024–2025 school year, a teacher in a 7th grade classroom in Leemore, CA implemented EPS Learning’s Reading Accelerator to evaluate its impact on the development of oral reading fluency (ORF) skills. Reading Accelerator was selected for its unique ability to meet the needs of middle school students who have not yet crossed the decoding threshold and require continued development in phonological awareness.

Students using Reading Accelerator made significant growth in oral reading fluency. The chart below exemplifies students’ growth in words correct per minute (WCPM) via Reading Assistant—the digital practice and assessment component of Reading Accelerator. Growth was evaluated based on scores before and after implementation of 50 lessons.

Expected vs Actual Annual Growth in Oral Reading Fluency

EPS READING ACCELERATOR

Meeting the Specific Needs of Elementary and Middle School Students

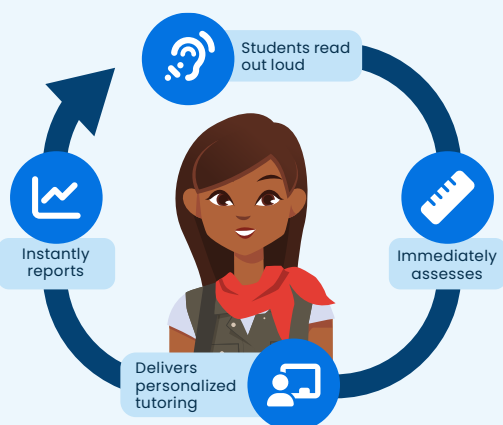

EPS Reading Accelerator offers two editions, tailored for either elementary or middle school striving readers. Each edition features age-appropriate, engaging content, all within a Structured Literacy framework designed to differentiate instruction and meet the unique needs of each age group.

EPS READING ASSISTANT

Practice with Complex, Connected Text for Fluency and Comprehension

Use an AI-powered tool in conjunction with SPIRE to provide students with valuable oral reading practice as they read appropriately challenging complex texts.

Reading Assistant received ESSA Strong rating and the first ever CODiE award for Best Science of Reading Skills Solution (2023).

SPIRE INTERVENTION

What Sets SPIRE Apart

SPIRE is an evidence-based, Orton-Gillingham-based multisensory reading intervention for PreK-8+ students in Tier 3 and special education. Grounded in the science of reading and Structured Literacy, it delivers intensive instruction across all five pillars of reading.

- ✓ **Proven Effective** – Structured Literacy, Orton-Gillingham-based, with decades of success.
- ✓ **Teacher-Friendly** – Softly scripted, step-by-step lessons provide structure with flexibility.
- ✓ **Easy to Implement** – Teachers can get started with just one day of training.
